Farmers, Attention!

You are invited to attend the limestone grinding demonstration to be held June 1-13, at the Kentucky Agricultural Experiment Station, at Lexington. This demonstration will be under the supervision of Prof. James A. Farra, Agricultural Engineer, and will for the practical instruction of farmers and groups of farmers who are alive to the necessity of lime in the soil and want to know about crushers and methods of preparation.

I. O. O. F. Memorial Service.
The annual Memorial Service of Madison Lodge I. O. O. F. will be held in the First Christian church Sunday, June 7, at 3 p. m. The address will be delivered by Hon. Robt. B. Franklin, of Lexington. Mr. Franklin is a fine speaker, one of the best in the State, and a splendid talk may be expected. Members of the order are requested to meet at the lodge room at 2:30 p. m., thence in a body will go to the church. After the address, decoration of the graves of departed brothers of the order will take place in Richmond Cemetery. A cordial invitation to the public is extended.

HEARD IN RICHMOND

How Bad Backs Have Been Made Strong—Kidney Ills Corrected.

All over Richmond you hear it. Doan's Kidney Pills are keeping up the good work. Richmond people are telling about it—telling of bad backs made sound again. You believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Richmond citizen's advice and give Doan's a chance to do the same thing for you.

Mrs. L. H. Todd, 128 Big Hill Avenue, Richmond, Ky., says: "I felt run down and in need of a kidney medicine when I heard of Doan's Kidney Pills. I got a supply at Middleton's Drug Store, and they made me feel better and stronger in every way."

Mrs. Todd is only one of many Richmond people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Todd had—the remedy backed by home testimony. 50¢ at all stores. SENATOR BRADLEY'S
SUCCESSOR.

The death of Senator Bradley makes it necessary that another be chosen in his place. Under the law the Governor may appoint his successor to serve until the regular election in November next. At that time two Senators, as nominated in the August primary, are to be elected, one for the short term filling out Senator Bradley's term until March 4, 1915, the other for the long term of six years from March 4, 1915. As to the long term the race is now on, Governor McCleary, Congressman Stanley and ex-Governor Beckham being the Democratic candidates in the August primary. Who will be candidates for the short term is not yet known, a number of good men having been spoken of. The principal interest now seems to center on who the Governor will appoint. It is generally conceded that his appointee will be a candidate (to succeed himself) for the short term. Among those mentioned for the appointment are ex-Congressman David H. Smith, Hon Johnson N. Camden, Judge Allie W. Young, Thos. D. Osborne and possibly others. The Climax suggests the name of Hon. W. B. Smith, of this city. It would be a nice thing for the Governor to appoint him, a man from his own county. The appointment would be an honor richly deserved and rightly bestowed and would meet the hearty approval of a united Democracy in this country as well as many of the rank and file in every county in the state and would be approved by all who may enter the race for either the short or the long term at November election for the reason that Mr. Smith will not be a candidate in that contest. He is a consistent Democrat and has always been. Although somewhat advanced in years he is as vigorous in mind and body as a man of forty. He has fought for Democratic principles in every campaign in his county and State for the past forty years and in many of the National battles of the party. He is a clean man, clean morally and politically and would be an honor to his county and to his State. Mr. Smith has made no effort to secure the appointment although many of his Democratic friends have volunteered their assistance. He is an exceedingly modest man, has always been too modest to push himself forward. With the exception of one term as Representative of the county in the Legislature, he has never held office. In 1896 he was one of the Presidential electors, made a canvass of the State and there is but little doubt that he saved the State for Bryan and Democracy, as his was the only electoral vote in the State for them.

Announcement has been made, however, that the Governor has decided to appoint on June 16, Hon. J. N. Camden, of Woodford county. Mr. Camden has the laudable ambition to be Senator, his father having served in a similar capacity several terms from West Virginia. If appointed by the Governor he will serve until the November election, will then

be a candidate (to succeed himself) for the short term until March 4, 1915. Mr. Camden is an excellent man, a good citizen and a man of large wealth, but we fail to see that he is the best available Senatorial material. If the Governor's personal interests are to dictate the appointment then it is an excellent one. He would make a splendid running mate for the Governor, the one for the long term, the other for the short.

Col. Bennett H. Young, of Louisville, is not an applicant for the appointment but has announced that he will be a candidate before the people for the short term. Others will no doubt enter the race. We are for the nominee whoever he may be.

Land, Stock, Crop.

(Continued from Section 2.)

Jacob Myers, near Stanford, has 31 ewes with 46 lambs.

Buyers in Woodford county are offering 7c for lambs for June delivery.

Black & Moberly shipped Saturday a carload of hogs bought of local parties. They will ship to more carloads this week.

Boggs Brandenburg and Larue Duer son shipped Monday of their own raising a car load of lambs. They were extra good, averaging 80 pounds.

Mr. Carson, manager of the stock yards, reported 1000 cattle on the market and all sold at \$7.50 to \$7.75. Five hundred sheep, all sold at an average of \$3 per head. Market was brisk. Good rain in afternoon gave farmers and traders good cheer.

At Versailles court the offering of stock was light. Auctioneer Bond sold 2 miles at \$110 and \$115, a mare and a mule colt for \$135 and a pony for \$102. Some lambs were engaged for delivery in June and July at 7c.

Powell & Depp, of Mercer county, have 53 living lambs from 34 ewes, which is remarkable. They have engaged their lambs for June delivery at 7c. They can beat this price?

At Winchester last county court there were about 1,000 cattle offered, but few changed hands, the best price offered being 7c. The outlook for a drought and shortage of grass seems to have retarded the market. There were few hogs and sheep on the market, with buyers equally as scarce. Mules sold slow, a few changing hands at \$400 to \$500.

About 1,200 cattle on the market at Mt. Sterling court day; quality fair and sold high. A bunch of 21 light steers sold at 8c and later were disposed of at an advance of \$1 the head; another lot of 16, about 650 pounds, sold by the head, and the mountain trader remarked: "I got full 9c for them." One man had a bunch of nice 300 to 350-pound calves, for which he refused an offer of 10c. He asked \$45 a head for them. Heifers sold at 7 to 7c; cows at 6 to 6c; bulls at 6c.

Life in The Country—How To Overcome its Disadvantages.

These words have been worn so very threadbare that we fail to take in their meaning or to be moved by them. But if country life could be properly organized, the most helpful task in our world will have been done or begun, for it is a lifetime process, like all other normal growths, that will never end.

Country life consists of more than eating, sleeping and working. There are leisure hours for most adults on Saturday afternoon, Sundays and holidays, after 8 o'clock at night and for several hours daily in winter. Most children have much more leisure than this, and it is during these hours that companionship is especially needed.

The work may be hard and irksome, and may bring very meager financial returns, but it is no more monotonous than the work in any other vocation. As a matter of fact no other work in all the world can be more interesting or so all-absorbing as farming by modern methods; and when properly done, is sufficient to be attractive. It is not the work so much as it is the unsatisfied cravings and the dreariness of the leisure hours, that which annually drive multitudes of our boys and girls from the country to seek new homes and broader companionship in more populous communities.

The sentiment seems to be everywhere anything but this. How can I get away from it? But our National welfare requires that this point of view be changed; that instead of seeking opportunities to leave the country, people will ask—"How can we overcome these disadvantages and make the conditions so attractive that we shall be glad to stay?" For it is certain that country-life existence depends greatly on a rural population that is numerous, contented and prosperous.

Indeed, we are on the very threshold of better methods of agriculture, better business methods and more co-operation will relieve the situation, while a quickened church, improved schools and a richer and more inspiring community life will lessen the suffering from isolation. So important is the matter of organized recreation that it must be taken by the rural church, the school and by clubs and associations.

A splendid example is set by the country work department of the Young Men's Christian Association, whose secretaries are enlisting heart and soul into the movement, with most encouraging results. We are beginning to sense education's value. The sordid and deadening in farm life is pretty sure to continue until the school shall be able to supplement it with a larger outlook on life, brought about through the introduction of many home conveniences for women and modern labor-saving appliances for men.

The school will have to speak through the children, demonstrating that the farm community can have the use of almost all modern conveniences now found in the city. But more than this, the work of the school is to infuse into the old tasks a new interest, sprung from a union of heart and hand. This complements manual training for boys and domestic science for girls. The purpose may be stated thus: the recognition of the beautiful as well as the practical in material creation, to the end that farm life may become more attractive and more beautiful and better worth living. Promoted by these organizations, when properly taught, will put our people and their environment in better condition and prepare them for leadership, which is necessary before the great problem of life in the open country can be satisfactorily solved.

The new Way ~
A Hoosier Cabinet makes a Model Kitchen

Why Do 700,000 Women Own Hoosier Cabinets?

When you know that 700,000 women use Hoosier Kitchen Cabinets three times every day, doesn't it suggest to you that you need this drudgery-saver in YOUR kitchen?

Figure it out to yourself this way: Would they have bought these cabinets without convincing themselves that they SAVE MILES OF STEPS and hours of time? Would so many have bought them at all if users hadn't told others and thus influenced their friends to buy them.

Since this means that more Hoosier Cabinets have been sold than all other 128 makes of cabinets combined, isn't it proof enough that the Hoosier is the best cabinet on the market?

When you see how the Hoosier groups four cupboards around a large metal table and places 400 articles at your fingers' ends so you can sit down and work AND REST while working—you'll want one of these "White Beauties."

Come pick one out today.

"What are you doing now, Bill?"

"I'm collecting."

"Collecting what?"

"My thoughts."

"Gosh, you always were lucky in hitting an easy job!"

"I see your friend is looking down in the mouth this morning."

"Oh, don't mind that; it's only a habu he has."

"How did he form the habit?"

"He's a dentist."

"Woman, the crime is on your own head!" growled the villain.

"Is it on straight?" anxiously asked the villainess.

A SIGN.

Whenever two girls kiss each other it is a sign that there is something wrong with the system of conserving our natural resources.

YOU CAN'T EAT APPETITE POOR

Multitudes of people lose their appetite. Simply don't care for anything to eat. The dinner bell has no interest to them. They loathe their breakfast. They may nibble a little of this and a little of that, but they do not care for it.

Lunch has lost all of its charms, although they try to eat something.

Dinner about the same.

There is something positively wrong, of course, but no disease that can be named. Just out of shape. That is all.

It is in this kind of a condition that Peruna acts very beneficially.

After using Peruna, interest in food is revived. Beginning with a teaspoonful of Peruna before each meal will generally quickly improve the appetite and help the digestion.

Thousands of people can testify to this. Liberated from a slavery that is almost unbearable. The slavery of having no interest in life. All used up. Yet one does not know exactly why. Take Peruna before each meal. Skies will get blue again. Fields will look green once more and life will be pleasant. You will feel that you are good for something and the world is a good place to live in. Peruna will do it. Not as an artificial stimulant. Simply a tonic that stimulates appetite in a natural way.

Those who object to liquid medicines can now obtain Peruna Tablets.

Land, Stock, Crop.

J. M. Evans shipped a car of hogs to Cincinnati. They were bought from Mr. May Collins at 8c.

There is much to say for the farmer. He is not only industrious, honest and intelligent, but he does not keep the other customers in the barbershop waiting while he has his face massaged.

An Indiana paper is authority for the statement that one out of every eight hogs died in that State last year died of hog cholera. This is a fearful loss and we doubt not that other States suffer nearly or quite as much as Indiana. It has been estimated that last year \$50,000,000 worth of hogs died from cholera in the United States. If farmers will earnestly co-operate with the government in the use of cholera serum, and in quarantining herds when the disease appears, this fearful drain can be largely reduced.

A ton of ensilage is worth more as feed than a ton of any kind of hay. A silo 24 feet in height and 12 feet in diameter will hold 40 tons of silage. It takes six acres, about, of average corn to fill a silo of this size. The labor and use of the machine to fill the silo represents an expenditure of about \$35. Ensilage is the most profitable feed the farmer can use during the winter. It is especially fine for dairy cows. Isn't it surprising that the farmers and dairy men do not construct more silos?

There was only a small number of miles on the court day market and they were inferior. A number were sold at \$10 to \$15 a head. There were a lot of buyers looking for good stuff. Plug horses sold at \$30 to \$80, while a better grade of horses sold at \$100 to \$150. Mt. Sterling Democrat.

Senator Ollie James gave a big boost to farming interests in Kentucky when he succeeded in getting an amendment adopted to the Agricultural Bill, which carries an increase of \$50,000 for farm demonstration work in this State. This work has been carried on with much success in Kentucky heretofore, but with this handsome increase it will no doubt be given a great impetus.

Mr. M. L. Brown, of Cincinnati, purchased Clarence LeBus 299 head of extra slimmers, averaging 1,180 lbs., at 7.65 straight. They were bought for the Baltimore market. The fact that Mr. LeBus refused an offer from another buyer of \$37 1-2 for 50 head of corn-fed cattle was refused is construed as evidence that Mr. LeBus is optimistic regarding the cattle market.

Hon. Thos. D. Slattery, of Maysville, has been confirmed by the Senate as U. S. Attorney for the Eastern District of Kentucky. He is a graduate of Centre College and was endorsed by Senator James.

Carrying coals to Newcastle would seem no more absurd than bringing corn to America, the greatest corn-producing country in the world. Recently a cargo of 200,000 bushels of corn came to Galveston from Argentina and it is said other cargoes will follow. This importation is made possible by the removal of the import duty on corn.

"What God Hath wrought."

The other day, in New York, a man played a phonograph in a room beside the transmitter of a telephone. The record used was that of a song ending in a jolly laugh.

Music and laughter were heard in a room in Philadelphia, 100 miles away, aboard the steamship North Star, distant 60 miles at sea, and also aboard the steamship Antilles, 55 miles out.

There are wires between New York and Philadelphia, but this communication of uncorked music, with its finale of rolicking laughter, did not pass over any wire. There are wires from New York across the Atlantic, but they are fathoms beneath the hulls of the ships that plow the briny deep.

Though wonders nowadays happen in such rapid succession as almost to lose the power of challenging our attention, the date of this extraordinary feat seems worthy to be remembered. Take down your wall calendar and put a circle around May 13, for the wireless telephone of Marconi demonstrated its success beyond the possibility of doubt.—Cincinnati Post.

Glorious Hair

Girls and women of all ages want to be beautiful and attractive, but unslightly, thin and lifeless hair destroys half the beauty of a pretty face.

If your hair is losing its natural color, is falling out dull, streaky, full of dandruff, too dry, or if the scalp itches and burns do not be alarmed, use Parisian Sage. Rub it well into the scalp. It will go right to the hair roots, nourish them, and stimulate the hair to grow long and beautiful. It removes dandruff with one application, stops itching scalp, falling hair and makes the head feel fine.

Parisian Sage supplies the hair with what is needed to make it soft, fluffy, thick and gloriously radiant. It is sold in fifty-cent bottles by H. L. Perry's Drug Store, and at all drug counters. Look for the trade mark—"The Girl with the Auburn Hair." Accept no other. Jun

CHAUTAUQUA SPECIAL FROM CHICAGO TO THE SEABOARD

PARTY OF EIGHTY-FOUR ON THE SECOND ANNUAL TOUR IN DE LUXE TRAIN.

CROWDS' GREETINGS GREATER THAN LAST YEAR

Lookout Mountain and Other Historic Spots Are Seen Enroute. Reception at Charleston, S. C., Includes a Launch Ride to Old Fort Sumter.

From Chicago to the Atlantic seaboard, through Southern battlefields and down to historic old Fort Sumter, lay the route of the second annual Redpath Chautauqua special train, season of 1914. This train left Chicago at 7 o'clock Monday night, April 27, with 84 Chautauqua enthusiasts on

of the Lyceum Magazine, Mr. and Mrs. Wm. F. Van Buskirk, Dr. J. W. Shedd, Mrs. Edward Amherst Ott and daughter Margaret, F. E. Fisk of Richland Center, Wis., J. P. Young, Ralph Dunbar. A journey 40 hours long seemed quite brief in view of the happy congeniality of those who enjoyed it.

ened the occasion still further with cheers for Tullahoma and Redpath.

And then came interesting Chattanooga, at the base of Lookout Mountain, Orchard Knob and Missionary Ridge. "The Battle Above the Clouds" was recalled interestingly as the special wound its way along the

enthusiasm was in evidence.

Through Asheville, N. C., the party

was eaten at the State Capital—Columbus.

Secretary Tevebaugh of the Chattanooga Y. M. C. A. had arranged a complimentary auto trip for the visitors—an exceedingly interesting drive about the city. In front of the James building the band played Southern tunes as hundreds cheered from skyscraper windows and crowded streets.

day, April 29. Superintendent Don Alford, Dr. W. A. Colledge, Redpath educational director, and Alfred Williams, musical critic, Adrian M. Newens, staff critic, and a committee of Charleston citizens were at the station with automobiles which conveyed the party to the Charleston hotel.

One of the best features of the first afternoon was a yacht trip given the

board bound for Charleston, South Carolina. Through Illinois, Indiana, Kentucky, Tennessee, Alabama, Georgia, North and South Carolina, on the lines of a quartet of railways, it sped and at noon of April 29 the party reached its destination.

All along the historic route great crowds greeted the Redpath talent and

the party caught a glimpse of the expan-

A merry welcome at Cleveland, Tenn.

At a delightful hour in the afternoon with the day almost spent, the special halted in Cleveland, Tenn., and there the greeting was three times rousing. Secretary C. W. Voak of the Cleveland, Tenn., Board of Trade, and other good Chautauqua boosters, made the stay here most enjoyable. Autos carried the party for a tour about the city. The crowd was immense, hundreds hanging from second and third story windows to catch the Kryl mel-

Redpath party by W. C. Wilbur, prominent business man of Charleston.

Out past Fort Sumter and around interesting points of the harbor the party was taken and, with the cool ocean breezes blowing deliciously, the boat pulled up just in time for a bounteous Southern dinner. On the following day the street railway company furnished a special car for a tour of the city's points of interest.

sides. The streets were thronged to their capacity and scores followed the Redpath boosters back to the railway station.

The Centenary Seminary girls at Cleveland fully caught the Redpath spirit when Kryl's band played on the college campus. They were supplied with Chautauqua hats and pennants. Later the party drove back to the city square and gave a second brief concert.

The special was too speedy for the flagman in charge out of Cleveland. He was left at the switch. At the next stop the train halted and soon the missing trainman came in on a railway velocipede. The crowd on the observation platform gave him a warm reception.

Knoxville was reached in the early evening and at 10:30 p. m. at Morristown, Tenn., a huge crowd had been waiting for more than an hour for the arrival of the Redpath boosters. The special was well received and although the opening day of the Morristown Chautauqua was a month away, much

program by Marcus A. Kellerman were features which followed immediately in the Chautauqua tent. In spite of a heavy rainstorm in the evening the big tent was crowded.

General Manager H. P. Harrison on

Thursday evening by request explained the purpose of the Redpath Chautauquas throughout the United States and was greeted with big applause.

Charleston citizens also requested a speech from W. F. Van Buskirk, the Chicago banker. He was cordially received and his address was loudly applauded. Many citizens including bankers of the city came up to greet both Mr. Harrison and Mr. Van Buskirk at the close of the evening's program.

N. W. Alley, Redpath photographer, had his first experience with the Red

path Chautauqua family on the trip South, and made the pictures which illustrate this article. Fred Craft, Redpath staff artist, was a member of the party and also A. G. Arnold, well known publicity man from Fargo, N. D.

Confederate Monument To Be Dedicated.

President Wilson and Col. Bennett H. Young will be the speakers at Arlington National Cemetery, June 4, when the monument to the Confederate dead is to be dedicated. The President declined a few days ago an invitation of the G. A. R. to address them on May 30, feeling with the complicated Mexican situation as it is, he had on hand as much as he could handle. The invitation for June 4, he had accepted some weeks ago—before there were any complications with Mexico. This explains why he accepted one invitation and declined the other.

Doing Their Part.

The Jew is still doing his part in every phase of our national life. One of the 19 boys killed in the capture of Vera Cruz by American marines, was Sam Meisenburg, a young Jew of Chicago. When his body was brought back to Chicago for burial, the crowd at the funeral was so great that a panic was created in the city hall and many people were injured in the crush.—Harrington Herald.

Death Rate.

The population of the world is about 1,622,300,000.

The average of all persons at death is 33 years.

Total of 47,372,727 persons die annually.

Total of 90,516 persons die weekly.

Total of 129,788 persons die daily.

Total of 5,408 persons die hourly.

Nearly 90 persons die every minute.

About 3 persons die every 2 seconds.

This remarkable race of deaths would entirely depopulate New York containing 4,700,823 persons in about 5 weeks.

It would depopulate Chicago, with 1,059,519 people, in about eight days.

HOW TO GET STRENGTH

After any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness.

Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness, nothing equals it—nothing compares with it. It is a rich, nutritious nourishment, free from alcohol or opiates promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.

Wise Little Willie.

Little Willie was playing one day with the little girl next door when the latter exclaimed:

"Don't you hear your mother calling you? That's three times she's done it. Ain't you going in? Won't she give you a whipping?"

"Naw!" exclaimed Willie in disgust. "She ain't going to whip nobody. She's got company, so when I go in she'll just say: 'The poor, dear little man has been so very deaf since he had the measles.'

COUGH TWO YEARS OLD

Yields to Vinol. Read Why.

Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cold is to build up your run down condition again?

Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years and I felt tired all the time. Vinol cured my cold and I feel stronger in every way."

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

DEATHS

James Howard Boggs died suddenly at his home near Logan last Thursday morning, May 28, of apoplexy. Mr. Boggs was apparently well, ate a hearty breakfast and was preparing to leave home for the day. He suddenly complained of suffering with his stomach and went into the house and sat down on a couch and died in a few minutes.

The deceased was a native of Madison county and was born July 9, 1836. He moved to Jessamine county about 20 years ago. Mr. Boggs was a Confederate veteran, having served creditably under Gen. John H. Morgan. He is survived by two sisters, Mrs. Dudley Miller, of Missouri, and Mrs. James Boen, of Kingston, this county, and by seven children—E. C. and Otis Boggs, of Jessamine county, W. H. Boggs, of Lexington, Rollie, of Dayton, James H. Jr., of Cincinnati, Mrs. Myrtle Colson, of Lexington, and Mrs. Guy Martin McIrvin, of Detroit, Mich.

His remains were brought to Richmond and laid to rest beside those of his wife, who died several years ago. His wife was a sister of Mr. W. W. Pigg, of this city.

At her home near Panola, Mrs. Mary E. Wooley passed away on May 25th, in her 79th year. She was the widow of John Wooley and a daughter of the late Wm. Overton Maupin. She made her home with the family of her son in-law, John Dalton. She is survived by one son, Wm. R. Wooley, merchant at Panola. Three daughters died in their early married life. Several grandchildren and great-grandchildren also. One sister, Mrs. W. C. Todd, of Brassfield, and three brothers—C. H. Maupin, of near Moberly, C. C. Maupin, of Greenwood, Texas, and Wm. M. Maupin, of Decatur, Texas, also survive her. She lived a beautiful Christian life and to know her was to love her. She has well earned the rest that remains to those that love the Lord. She will be sadly missed by her family and friends.

W. T. Hall, 77 years of age, died at his home at the junction of Crutcher pike with Bates Creek pike, Sunday, May 31, of pneumonia after a week's illness. Mr. Hall was a native of Estill county, but moved to Madison about 30 years ago where he has resided since. He was a good citizen, well thought of by his neighbors and those who knew him. He leaves a wife and five children. Funeral services by Rev. Owen Young were conducted at his home yesterday morning, thence his burial in Richmond cemetery.

Fish Fry.

When the telephone bell rings and a voice at the end of the line asks you to come out in the country and eat fish and corn bread, can a town man say no? I guess not, especially when mine host is Mr. Mike Enright. This was the invitation extended to about twenty of Mike's friends late last Thursday. On Friday morning, after seining his pond, or watching others do it, we spread our table under a large sugar tree, whose branches had so interwoven as to make a sun-proof roof. With fish from the water to the frying-pan, hot corn bread hot coffee and cool breezes on the side, the worries of business were forgotten. We left refreshed and happy, all unanimous in our praises of a grand treat.

Comes to See Us Occasionally.

Mr. Wm. Bryan, of Russellville, the veteran excursion agent of the L. & N., drops in on us now and then and always comes unannounced, but is given a welcome just the same. He dropped in on us one day last week. He was here arranging the details of the excursion to Mammoth Cave on June 18. Mr. Bryan gives his entire time to the excursion department of the L. & N. and covers the entire system. He is now serving his 28th year in that capacity, is a veteran in the service and a past master in the art of taking care of his excursionists and arranging every detail for their comfort.

From Gloom to Smiles.

Monday morning the usual court day crowd, farmers, traders and others, came to town with gloom on their faces and were met by townspeople with equal gloomy countenances, the cause of which was the continued absence of rain. But soon after noon smiles of the broadest variety took the place of gloom. Every body wore smiles all over their faces, for a good rain fell for over 30 minutes, and was followed by more at intervals during the late afternoon. Several points in the country have been heard from and the rain, which was a very heavy one at this point, appears to have been general. Gardens, meadows, tobacco plants and strawberry beds were suffering, though corn was not greatly, if at all, in need of rain.

Meeting at Red House.

The meeting at Red House continues with much interest. Rev. Clark preached a wonderful sermon Sunday night to a crowded house, his subject being: "Sin—Its Effect on Mankind." There will be preaching every day and night throughout this week, at 10 a.m. and 8 p.m. Come and hear this man of God.

Almost a Serious Accident.

Mrs. W. F. Park, who resides on the Jacks Creek pike, a few nights ago while attending to her household duties, inadvertently stepped into a cistern, which is in course of construction. She fell about six feet and was considerably bruised. Her cries brought her husband to the rescue. Fortunately she is not seriously wounded.

Correction.

Mr. A. English, of the English Stone Co., of Lee county, was in this city last week. He says the report that an explosion in his quarry, as reported in some papers, did occur, but that no one was hurt. It was reported that several lives were lost. This, he says, is not true. Mr. English asks that we make the correction. The item which created the false impression was not published, so far as we recall, in any Richmond paper; certainly not in the *Citizen*.
